

Core Committee Member Expectations

Economic Diversification – A Journey to Prosperity Project

The first phase of the project is to engage residents of the Lakes District to strengthen our community as we face the challenges of diversifying beyond the natural resource sector. The goal of the project is to discover ways of navigating the changes impacting our economic stability, such as attracting and retaining youth, investment and professionals, using innovation to drive economic growth, and developing new and effective partnerships to support shared prosperity.

The Village of Burns Lake is seeking highly motivated, committed and connected individuals to form a core committee of 8 to 12 members to lead a grassroots effort to navigate the future reduction to the Annual Allowable Cut. Working with a diverse core committee (younger, older, racial and ethnically diverse, newcomers and old-timers) ensures that this process is community-led and not external consultant-led.

Expectations of Core Committee

- ✓ May 30 – 1 pm to 5pm for core committee member training, consultant led. Members will receive training to conduct 3 to 5 one-on-one meetings with their network of contacts.
- ✓ Conduct 3-5 interviews during June; the interview deadline will be set by core committee on May 30.
- ✓ Attendance at larger scale meetings if required.
- ✓ Attendance at one large scale community event (75+), which will be led by the consultants to further harvest ideas from the general public
